

Puppy Wellness | \$170.00

Save Over \$122.00

Our Puppy Wellness program is a way for you to save on your puppy's entire series of vaccines. This package is the perfect way to give your puppy a healthy and happy start! Puppy vaccines should be given at 8wks, 12wks, and 16wks. Look at what's included!!

What's Included

A puppy's first set of vaccines are a series of boosters to protect your puppy from harmful disease. We include (3) Da2PPvL, (2) Bordetella, and a Rabies vaccine. The puppy will have two fecal exams performed, will be dewormed twice and will receive the first round of monthly heartworm prevention FREE. Your puppy will come in for a total of three puppy wellness visits. With each visit your puppy will receive a physical examination by the veterinarian. *Any additional medications or treatments that are needed will be at an additional cost. Spay or Neuter your puppy by (7) months to receive a 10% discount!!

Exams

During our exam we will check:

- Heart/Lungs-listen for abnormalities
- Eyes
- Ears
- Teeth
- Mouth
- Glands
- Abdomen
- Skin & Coat Condition
- Temp & Weight

**If any further lab work or diagnostics are needed we will discuss it and any additional costs with you.
